

**COMP3008J Distributed Systems**  
**Tutorial #3**

Date: 2022.04.26

Name: Beihai ZHANG

## Answers

**1. Routing:**

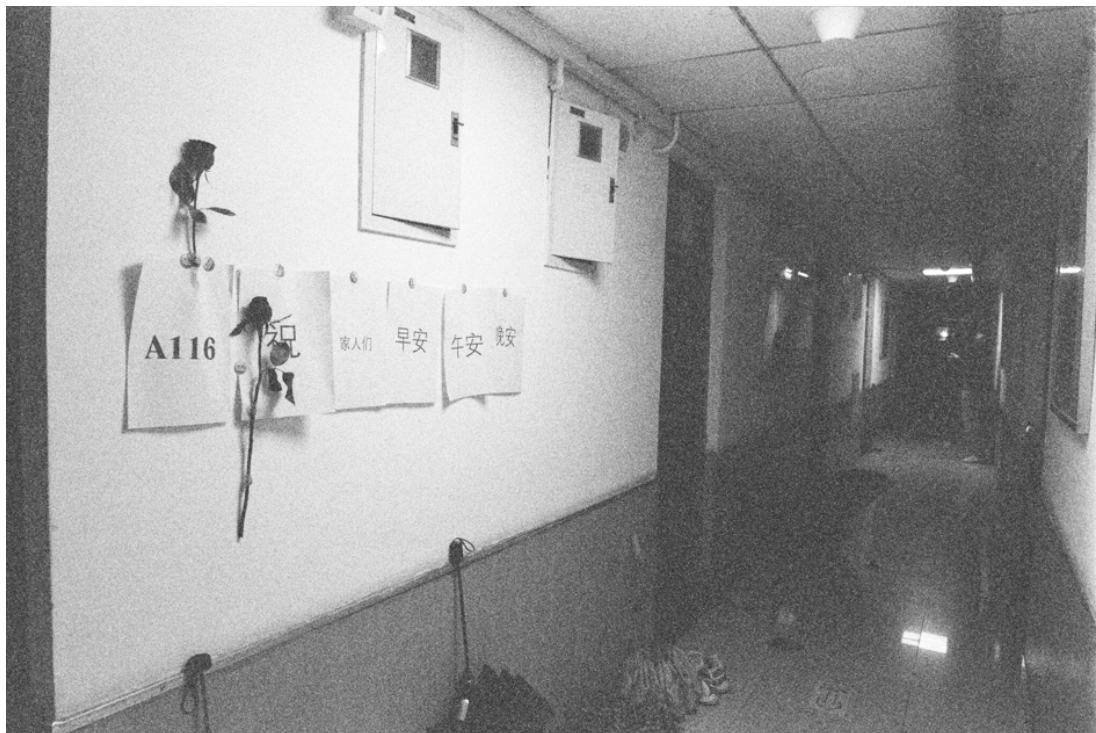

Provide your answer here.

**2. Overlay:**

Provide your answer here.

**3. Analyze the following network diagram:**

Refer to the network diagram below and provide your analysis. Include routing paths and other observations.

[Provide your analysis here.]

**4. Fill in the table below:**

Complete the table with the appropriate values for the given scenario.

Parameter	Node A	Node B	Node C
Latency (ms)	_____	_____	_____
Packet Loss (%)	_____	_____	_____
Bandwidth (Mbps)	_____	_____	_____

[Provide your explanation here.]
